

Hana® SC Surgery Center Table

Smart Start Buy Back Program

Love it or leave it.

Same Clinical Benefits with Greater Flexibility

The Hana® SC Surgery Center Table enables surgeons to perform the **anterior approach for total hip replacements** and **hip arthroscopy**. Equipped with only the components you need to perform these common hip procedures, the new Hana SC contributes to the overall efficiency and profitability of your surgery center and minimizes storage space.

Through this leasing program, ambulatory surgical centers can essentially rent the Hana SC with the flexibility to return it after the 6th, 9th and 12th payments have been made. After the 12th month, the Hana SC will need to be retained until the end of the 36-month term.

For more information on the Hana SC Smart Start Buy Back Program or the Hana SC Surgery Table, visit mizuhosi.com to find your Mizuho OSI sales representative.
